CONTENT MANAGEMENT CHALLENGES

- Cumbersome content storage and retrieval
- Limited visibility into current business processes
- Lack of insight into the status of workflows
- Unsecured file-sharing
- Insufficient control over who has access to what, for how long
- Delayed or asynchronous collaboration
- Time wasted downloading files, making offline edits & manually tracking changes

BUSINESS OUTCOMES

- Increased efficiency
- Faster, secure file-sharing
- Real-time collaboration
- Automated workflows
- Anytime/anywhere and any device access to content
